

MALTAWARD

TVCB

SPECIFICATION SHEET

Temporary Vertical Concrete Barriers (TVCB) have a variety of applications for all manner of situations where a heavy duty safety barrier system is required on a temporary basis and Maltaward are pleased to be among the leading suppliers of concrete barriers in the UK. We provide a Nationwide "One Stop Shop" service, with yards at Crawley (HQ), Gatwick, Birmingham, Leeds and Nottingham, providing clients with cost effective delivery costs.

Gatwick and Heathrow Airport airside delivery & collection approved.

MALTAWARD

TVCB

- Provides a safe working area - protecting the workforce from vehicles travelling next to the site
- Protection for the travelling public from road-side and site hazards
- Prevention for unauthorised vehicular access to site compounds, forecourts, car parks, fields or other property
- Temporary aggregate bays or other storage areas
- A security barrier for protection against vehicle-borne attacks, ram-raiders etc
- Direction and protection for pedestrians or light vehicles in quarries, airports or other industrial, commercial or public areas
- In conjunction with our fencing system a high-security, easily-moved temporary perimeter fence.
