

MALTAWARD

GB2 Plastic Barriers & Fencing

SPECIFICATION SHEET

At Maltaward, we offer a range of high quality barriers including Chapter 8 Fencing and GB2 barriers with a selection of accessories which can be used to enhance visibility or increase safety. All Plastic Barriers are easy to assemble for transporting from site to site. Barriers can be hired which is great if you only require them for a short period of time or you are unable to store them after your project has come to an end.

MALTAWARD

GB2 Plastic Barriers

Flexible Solutions

GB2 Plastic Barriers offer a high level of visibility and are ideal for providing safe traffic management, or for indicating hazardous areas when road maintenance is taking place. Designed for temporary use, GB2 Plastic Barriers are extremely hardwearing and completely reusable. GB2 Plastic Barriers can be delivered and installed quickly, lightweight yet robust, when filled with water they provide a perfect solution for site security.

GB2 Heavy Duty Barrier

Measuring 2000mm x 500mm x 900mm these units are ideal for highway use, they can be enhanced with hoarding or mesh.

Mesh & Hoarding Panels

Maltaward supply a full selection of mesh and hoarding panels for use with all our roadside barrier systems. Adding additional height to individual barrier units these panels increase security and

MALTAWARD

GB2 Plastic Barrier

GB2 Plastic

A high visibility safety solution and ensures a stable secure connection.

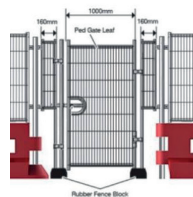

Mesh

Pedestrian Guard is a cost-effective solution to improving public safety. This is an anti-climb, galvanised mesh fencing. Siteguard offers security for the site, workers and equipment.

Pedestrian Gate

Integral pedestrian access gate providing secure site access.

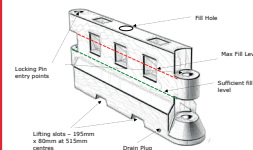

Hoarding

This product combines the benefits of Pedestrian Guard with a high visibility steel security panel.

GB2 Water Filled Barriers

GB2 plastic barriers are designed to be water filled. They can be filled easily on site to provide extra stability and then when drained they can be moved, stacked or transported with little effort.
